

SPECIFICATIONS:

Registrations	EPA Registered Disinfectant
Dilution	RTU
pH Level	11.8 – 12.8
Color	White Foam
Fragrance	Fresh

A foaming, quaternary ammonium disinfectant cleaner spray aerosol that cleans, disinfects and deodorizes in one easy step. Excellent for use in healthcare settings due to its extensive disinfectant claims. EPA registered as a Broad Spectrum Disinfectant cleaner.

FORMULA FEATURES:

- Cleans, Disinfects and Deodorizes
- Foaming
- · Spray and Wipe Clean

- · Controls Odors
- · Controls Mold and Mildew
- EPA Registered as Broad Spectrum Disinfectant Cleaner

The easy way to clean,
DISINFECT
AND
DEODORIZE.
Spray and Wipe Clean.

RECOMMENDED FOR:

- Washable Hard Nonporous Surfaces
- Toilet Seats
- Counters and Tabletops
- Garbage Cans
- Mattresses
- Shower Stalls
- · Outside of Appliances

DIRECTIONS:

TO CLEAN AND DEODORIZE: Remove all gross filth or heavy soil from surfaces to be treated prior to using this product.

SHAKE WELL BEFORE EACH USE: Point valve opening toward area to be cleaned, press down firmly and spray evenly. Wipe clean with dry cloth, turning frequently. This product effectively controls the growth of mold and mildew and the odors caused by them when applied to hard, non-porous surfaces. Apply by holding can upright 6" to 8" from surface to be treated. Spray until surface completely wet. Let air dry. Repeat application at weekly intervals or when mildew growth appears.

This product demonstrates effective fungicidal activity against pathogenic fungi, Trichophyton mentagrophytes, in areas such as locker rooms, dressing rooms, shower and bath areas, exercise facilities, or clean hard, non-porous surfaces commonly contacted by bare feet. Follow disinfection directions.

TO DISINFECT: After surface is cleaned, hold can upright 6" to 8" from surface to be treated. Spray until surface is thoroughly wet. Allow to dry without wiping or allow spray to contact treated surface for a minimum of ten minutes prior to wiping. When used as a disinfectant on food contact surfaces such as counter tops, tables, and appliances, thoroughly rinse surfaces with potable water. Do not use on utensils, dishes, or glasses.

Kills HIV on pre-cleaned environmental surfaces previously soiled with blood/body fluids in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus (HIV) (associated with AIDS):

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV ON SURFACES OBJECTS SOILED WITH BLOOD/BODY FLUIDS

Personal Protection: When handling items soiled with blood or body fluids, use barrier protection: disposable latex gloves, gowns, masks and eye coverings.

FOAMING DISINFECTANT CLEANER

DIRECTIONS: (CONTINUED)

Cleaning Procedure: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of this disinfectant.

Contact Time: Spray surface to be treated 3-4 seconds, from a distance of 6-8 inches, until surface is wet. Allow spray to dry without wiping or allow spray to contact treated surface for a minimum of ten minutes prior to wiping.

Disposal of Infectious Materials: Autoclave blood and other body fluids and dispose of according to federal, state and local regulations for infectious waste disposal.

This product is not for use on medical devices or medical equipment surfaces.

DISINFECTANT CLAIMS:

- · Staphylococcus aureus
- · Pseudomonas aeruginosa
- · Escherichia coli
- · Salmonella choleraesuis
- Vancomycin Resistant Enterococcus faecalis (VRE)
- · Staphylococcus aeurus
