

# MOLD CONTROL & MILDEW STAIN REMOVER

## ABOUT THIS PRODUCT

Mold Control & Mildew Stain Remover is a blend of surfactants, sodium hypochlorite, water conditioning agents and deodorizers designed to remove mold & mildew stains from hard surfaces such as tile, grout, walls, shower stalls and curtains, mats, metal hvac ducts, vinyl canopies, awnings, auto and boat tops, painted and unpainted surfaces.

This product is intended to remove stains after all mold or mildew has been previously removed or killed.

## DIRECTIONS

Spray this product directly on mold or mildew stained area and let dry. Let stand for 10 minutes. Some surfaces may need to be wiped down to remove excess material. A chlorine type odor may be present in poorly ventilated areas. If present, vacate the area as soon as possible. Do not return until any odors have dissipated. Always test product on a surface before using to insure surface effect.

## PRECAUTIONARY STATEMENT
